

AMARILLO AIR TERMINAL

AMARILLO, TEXAS

10-10-72
**AMARILLO AIR TERMINAL
 AMARILLO, TEXAS**

Opened May 17, 1971. The beautiful new two level building with four jetways and eight departure gates cost \$3,533,000.00 contains 145,000 square feet of area, and is so designed that no interruption in service will be necessary for expansion to double its size in the future. Fast jet service is provided with connections to all 50 states and foreign countries. The instrument runway, made of thick concrete, is 13,500 feet long, 300 feet wide, and is the second longest commercial runway in the United States.

Post Card

Dear Sis:-

We come to A-on Friday
 Having fun - seeing lots of
 old friends -

Spent last Thurs. with
 Pat - probably see them again
 Tues. P.M.
